Dear Husband,

I have finally come to my senses and have realized you're such an _____ . (asshole, idiot, moron, imbecile, jerk) I want you to know I have faked _____ (one, one hundred, all) of my orgasms with you. I have not found you attractive in _____ (one year, five years, ten years, well ever). I only married you because _____ (I felt sorry for you, I was drunk, I was paid by your parents, I had a head injury). The time has come for us to part ways and let me say _____ (Thank God it's finally over, I will not miss you or your gas, maybe now I can have some fun and the big "O", I will enjoy clicker control and the absence of your presence.) I was contacted by The Other Woman and she told me that _____ (You're a sick *uck, you're inbreded, camels have better humps then you). She has helped me open my eyes that _____ (life will be much better without you, you have only worn me down and you suck in bed, I need to get laid by a real man). I am leaving you with this _____ (A-HA! Nothing I have taken it all, my attorney bill, the kids, your mother and or all of the above). Maybe in the future you will _____ (keep your dick in your pants, remember to tell your wife yourself, have the next wife sign a pre-nup or all of the above.) Chow Baby!

Hating You From The Bottom Of My Being,

Your Soon To Be Ex-Wife _____ (your name here)

PS: I hope your dick falls off. I would laugh, ya know!
