ALERT!

Dear Husband,

**SUPPORT TOURISM!
TRAVEL SOUTH!**

Everyone needs a vacation and I am suggesting that you travel south! It's been a while, as a matter of fact too long. You will find warmth, sunshine and morning dew. You will be greeted with a smile and even be kissed when leaving. This is a warning and I ask that you take this notice under advisement and do something about it before someone else takes the trip for you!

Thank you,
Your Loving Wife
